

McMinnville Cooperative Ministries College Scholarship Application

One of our core purposes is to “foster learning and the arts.” We believe that human beings fulfill their God-given destiny most fully when they develop the habits and practices of life-long learning; curiosity, openness to new information, and thoughtful reflection. We know that higher education contributes greatly to these habits for many people, and want to encourage all our members to pursue the best education their capabilities and circumstances allow. To help in this we offer scholarships to assist in some small way with the pursuit of higher education.

REQUIREMENTS: Applicants must have an established relationship with McMinnville Cooperative Ministries and be enrolled in an accredited university, college, or community college.
